Aman Verma
Full-Stack Web Developer

+916306805527 | amanvermalmv211@gmail.com | linkedin.com/in/aman-verma-770ab5252 | Bangalore

SUMMARY

Full-Stack Web Developer with hands-on experience building scalable, user-friendly web applications. Skilled in React.js, Node.js, Express, and MongoDB with strong knowledge of JavaScript, and clean coding practices. Experienced in designing responsive UIs, developing secure APIs, and managing end-to-end project lifecycles.

EXPERIENCE

Freelance Project - iTutors (itutors)   June 2025

• Built a full-stack TypeScript MERN application for iTutors enabling admin to manage student records.

• Implemented student management, fee tracking, subscription updates, and notification system.

Computer Science teacher - Mount Litera Zee School, Ghazipur   2024 – 2025

• Taught Computer Science (Grades IX–XII) including programming fundamentals and problem-solving.

• Evaluated CBSE Class X board exam answer sheets with accuracy and confidentiality.

Freelance Project – ShutterPics Photography Website (shutterpics.in)   July 2024

• Developed portfolio and booking website for a studio person to showcase his services.

• Implemented user profiles, allowing clients to view photographer availability and book services directly.

• Designed a feedback system to capture and display customer testimonials, enhancing social proof.

MERN Developer Intern – Cograd (certificate)   February 2024 – June 2024

• Built responsive UI for a job portal using React.js and Tailwind CSS.

• Developed signup/login flows, recruiter dashboards, and job posting pages.

• Integrated secure OTP authentication and Node.js APIs for recruiter and applicant workflows with MongoDB.

PROJECTS

meriLibrary (merilibrary.in)

• Developed and deployed a MERN-based library management platform connecting students with local libraries.

• Implemented role-based access (Library Owners/Students), real-time subscription tracking, locality-based search, and automated expiry alerts.

Jewel Shop E-commerce MERN App (frontend, backend)

• Build an E-commerce platform with reusable React components for performance with user-friendly interface.
• Implemented admin login, product APIs, user authentication, and database schema updates.

Portfolio Website (link)

• Developed a personal portfolio with React.js showcasing skills, projects, and career highlights.

SKILLS

• **Frontend:** React.js, JavaScript, TypeScript, Tailwind CSS, Bootstrap, Responsive UI/UX

• **Backend:** Node.js, Express.js, REST APIs, Authentication, MongoDB Atlas, SQL

• **Programming Languages:** Java, Python

• **Tools:** VS Code, Postman, Thunder Client, Git/GitHub (github.com/amanvermalmv211)

• **Others:** Communication, Problem-solving, Teaching

EDUCATION

• **MCA(Pursuing) -** Jain University, Bangalore   2025
• **B.Sc. (Hons.) Computer Science -** Delhi University | CGPA: 8.0/10   2021 – 2024
• **CBSE 12th: 89.2%** - JNV Ghazipur   2020 – 2021
